

#2

6 years in L/A
it's okay here
just okay because...
there are a lot of bad things going on
like violence
and drugs
parents who don't care
where their kids are
who they are with
and what they do

there are good sides to this too
like...
centers for drug abuse problems
counseling for kids who don't get along with their parents
and need help with that
places if people need a home to stay like New Beginnings where I stay

THAT SAYS THAT THE COMMUNITY OF L/A DOES CARE

There are...
rec centers in both of the cities
and programs that kids can participate in like-
basketball
football
pillow hockey
soccer
cheering

I've done basketball

#2

and competed against other teams
and in the end had a banquet and awards

Good experience
that helped me
take
a part
in my
community

I learned how to get along
with more kids my age
I wasn't into that before
my dad got me involved

L/A city buses
for people
who don't have cars
they can still get around

ALL THAT HAS MADE MY LIFE BETTER HERE IN LEWISTON/AUBURN
